

**WATER RESOURCES ASSOCIATION OF YOLO COUNTY
INTEGRATED REGIONAL WATER MANAGEMENT PLAN COMPLETION**

ATTACHMENT 2: ELIGIBLE APPLICANT DOCUMENTATION

The Water Resources Association of Yolo County (WRA) is a non-profit mutual benefit corporation formed under the California non-profit corporation law in 1994 (Corporations Code sections 7110-8910, State of California Corporation #C1887647). The WRA's bylaws state that "a voting Member of the Association shall be limited to a public agency, including without limitation, the County, a city, water district, water conservation and flood control district, the University of California or a reclamation district." The WRA currently has tax-exempt status under federal and state governmental law.

The WRA was not organized as a 501(c) 3, 4, or 5 and does not appear to be a public agency as defined in the grant application guidelines. Therefore, the WRA will be the grant applicant and will name one of its member agencies as the contracting grant authority. The WRA is authorized to enter into an agreement with the Yolo County Flood Control & Water Conservation District to be the contracting grant authority or fiscal agent and recipient of the grant funds, if awarded, for the "Completion of the Yolo County Integrated Regional Water Management Plan."
