

## LIST OF FIGURES

- Figure 2.1 Geomorphic Provinces of California
- Figure 4-1 Annual Precipitation, Davis, CA: 1872-2000
- Figure 4-2 Annual Precipitation, Woodland, CA 1906-2003
- Figure 4-3 Cumulative Departure From Average Precipitation, Davis, CA: 1872-2000
- Figure 4-4 Cumulative Departure From Average Precipitation, Woodland, CA 1906-2003
- Figure 4-5 Long-Term Reconstructed California Precipitation
- Figure 4-6 Sacramento River Annual Runoff at Verona and Freeport
- Figure 4-7 Sacramento River Average Monthly Runoff
- Figure 4-8 Simulated Sacramento River Annual Surplus Flow
- Figure 4-9 Simulated Sacramento River Average Monthly Surplus Flow
- Figure 4-10 Thiobencarb Concentrations in Sacramento River: 1990-2002
- Figure 4-11 Molinate Concentrations in Sacramento River: 1990-2002
- Figure 4-12 Fremont Weir: Frequency of Spills by Day
- Figure 4-13 Fremont Weir: Annual Spill Days
- Figure 4-14 Sacramento Weir: Frequency of Spills by Day
- Figure 4-15 Sacramento Weir: Annual Spill Days
- Figure 4-16 Yolo Bypass at Woodland: Mean Daily and Maximum Peak Flow of Record
- Figure 4-17 Average Flow in Colusa Basin Drain and Sacramento River
- Figure 4-18 Colusa Basin Drain Contribution to Sacramento River Flow at Verona
- Figure 4-19 Sacramento River Upstream of American River Confluence Probability of Reducing Rice Herbicide Concentration by Diverting the Colusa Basin Drain
- Figure 4-20 Flood Releases at Indian Valley Dam
- Figure 4-21 Bear Creek Mean Daily Flow: 1997-2002
- Figure 4-22 YFCWCDC Cache Creek System - Water Supply Reliability
- Figure 4-23 Cache Creek Runoff Probability at Capay Dam: Nov - Mar
- Figure 4-24 Probability of Runoff Captured at Capay Dam for Various Diversion Rates: Nov-Mar
- Figure 4-25 Annual Runoff Diversion Potential at Capay Dam for Various Diversion Rates: Nov-Mar
- Figure 4-26 Cache Creek Peak Flows at Rumsey and Yolo
- Figure 4-27 Putah Creek Instantaneous Peak Flows: 1931-2003
- Figure 5-2 Conaway Conservancy Group Annual Deliveries
- Figure 5-3 Conaway Conservancy Group Monthly Deliveries
- Figure 5-4 Dunnigan Water District Historical CVP Water Deliveries
- Figure 5-5 Dunnigan Water District Average Historical Monthly CVP Water Deliveries
- Figure 5-6 Dunnigan Water District Current Demand by Crop (1995)
- Figure 5-7 Current Supply (1995) for Water Users within Dunnigan Water District
- Figure 5-8 Dunnigan Water District Future Demand by Crop (2025)
- Figure 5-9 Dunnigan Water District Future Supply by Source (2025)

- Figure 5-10 Reclamation District 108 Contract Supply and Sacramento River Diversions
- Figure 5-11 Reclamation District 108 Monthly Sacramento River Diversions
- Figure 5-12 Reclamation District 108 Current Supply by Source (1995)
- Figure 5-13 Reclamation District 108 Current Demand by Crop (1995)
- Figure 5-14 Reclamation District 108 Future Demand by Crop (2020)
- Figure 5-15 Reclamation District 108 Future Supply by Source (2020)
- Figure 5-16 River Garden Farms Annual Deliveries
- Figure 5-17 River Garden Farms Average Monthly Deliveries
- Figure 5-18 Average Monthly Historical Demand for Irrigation Water on UCD Main Campus
- Figure 5-19 YCFC&WCD Historical Diversions
- Figure 5-20 YCFC&WCD Average Historical Monthly Diversions
- Figure 5-21 YCFC&WCD Current Demand by Crop (1989)
- Figure 5-22 Current Supply (1989) for Water Users within YCFC&WCD
- Figure 5-23 City of Davis Historical Demands and Historical Population
- Figure 5-24 City of Davis Average Historical Monthly Demands
- Figure 5-25 City of Davis' Current Demand Supply Sources
- Figure 5-26 City of Davis' Current Demand by Sector
- Figure 5-27 City of Davis' Projected Demands and Projected Population
- Figure 5-28 UC Davis' (Domestic) Historical Demands and Historical Population
- Figure 5-29 UC Davis (Domestic) Average Historical Monthly Demands
- Figure 5-30 UC Davis (Domestic) Current Demand Supply Sources
- Figure 5-31 UC Davis (Domestic) Current Demand by Sector
- Figure 5-32 UC Davis (Domestic) Projected Demands and Projected Population (TBD)
- Figure 5-33 City of West Sacramento Historical Demands and Historical Population
- Figure 5-34 City of West Sacramento Average Historical Monthly Demands
- Figure 5-35 City of West Sacramento Current Supply Sources
- Figure 5-36 City of West Sacramento Current Demand by Sector
- Figure 5-37 City of West Sacramento Projected Demands and Projected Population
- Figure 5-38 City of Winters Historical Demands and Historical Population
- Figure 5-39 City of Winters Average Historical Monthly Demands
- Figure 5-40 City of Winters Current Demand Supply Sources
- Figure 5-41 City of Winters Current Demand by Sector
- Figure 5-42 City of Winters Projected Demands and Projected Population
- Figure 5-43 City of Woodland Historical Demands and Historical Population
- Figure 5-44 City of Woodland Average Historical Monthly Demands
- Figure 5-45 City of Woodland Current Demand Supply Sources
- Figure 5-46 City of Woodland Current Demand by Sector
- Figure 5-47 City of Woodland Projected Demands and Projected Population
